Dear Judge Trauger

I've heard of Dr. Coleman Boyd's case that's before you. With the multitude of children he has, his beliefs in saving the pre-born must be very strong. There were no violent acts committed so please be lenient in your ruling against him. His "small city" of a family need him and someday, you will face the Divine

I recently learned of the six peaceful protesters, including Dr. Coleman Boyd, who will be sentenced on July 2, 2024. I repeat that a jury has convicted them.

Please Judge, understand that Dr. Coleman is a family man with his wife and thirteen children. These prolife Americans are not hardened criminals but adults who love and protect our American future - children.

Judge, I am sure you know that our nation is divided over this issue and I respectfully ask you to exercise leniency in your sentencing of Dr. Coleman and the other prolife individuals. They have many children to care for and need to be home with them instead of a federal penitentiary.

I am writing to you today regarding Mr. Dennis Green, and his recent conviction of conspiracy charges. He is truly an asset to his community, and I trust that you will take all these things into consideration when the day of sentencing comes.

I truly sense, as a resident of the Nashville area that Dennis Green and those who are being sentenced with him – should be honored instead of punished.

They speak life and my heart is that if my mother or your mother were not pro-life – WE WOULD NOT BE HERE – and I am thankful for my life.

Judge Trauger, I wish to truly thank you for taking the time to consider my plea for leniency for Mr. Green.

Phosphatidylserine (PS) is a membrane phospholipid that is present in all eukaryotic cells. It is a major component of the plasma membrane, where it is found in the inner leaflet. PS is also found in the membranes of intracellular organelles, such as the endoplasmic reticulum, Golgi apparatus, and mitochondria. PS is a polar phospholipid, meaning that it has a hydrophilic (water-loving) head and two hydrophobic (water-fearing) tails. The hydrophilic head is composed of a glycerol backbone with two fatty acid chains and a serine residue. The hydrophobic tails are composed of the fatty acid chains. PS is an anionic phospholipid, meaning that it has a negative charge. This charge is due to the presence of a phosphate group on the serine residue. Honorable Judge Aleta Trauger:

I am asking you to grant leniency in the sentencing of Dennis Green and all the other defendants found guilty of violating the FACE Act.

These defendants are not violent criminals and do not have prior serious criminal convictions. They are dedicated to saving babies; through prayer and discussions, about saving precious preborn babies from undergoing the terrible agony endured in the abortion process.

These defenders of life are harmless and not violent at anytime. For decades, Dennis has preached in underground churches in both China and Tibet helping people learn about Jesus.

Thank you for your time and consideration to all of these cases. As a Judge, you are faced daily with having the wisdom of Solomon, while carrying out the law of the land, a very hard job. May God always guide you and bless you daily.

Sincerely,

I respect the weight of authority that you bear, as a federal court judge, and the responsibility to uphold the laws of our great Constitution. I am writing to appeal to you for mercy for the 6 defendants, who were convicted of violating the FACE act, March 5, 2021, at the Mt. Juliet reproductive clinic.

In these times of division in our nation, when our penitentiaries are overcrowded with violent offenders, is it necessary to send 6 peaceful protestors to prison for any length of time? How often are other peaceful protestors, for other causes, imprisoned?

Thank you for reading this letter and your consideration of this request.

I urge you as you decide the sentences in the Mt. Juliet FACE Act violation case, to consider the words of Rev. Martin Luther King, Jr. in his "Letter from Birmingham Jail."

"One has not only a legal but a moral responsibility to obey just laws. Conversely, one has a moral responsibility to disobey unjust laws."

"A just law is a man-made code that squares with the moral law or the law of God. An unjust law is a code that is out of harmony with the moral law. To put it in the terms of St. Thomas Aquinas: An unjust law is a human law that is not rooted in eternal law and natural law."

You will sentence those who acted to save lives, to rescue from death. I humbly ask you to show them mercy.

He is not a violent man. He tries to correct things and set them on a course for a more positive outcome. He does this because he's a religious man and he is guided by his faith. He has even followed his faith to other countries like China and Tibet to do this. He is a good man following his faith and hart.

Dear Judge:

This letter is concerning the upcoming sentencing in July of Christians who are accused of violating the FACE Act. These are honorable people who believe (as I do) that abortion is murdering unborn children in the womb.

Your honor, these are not violent criminals. They should not be sent away for years. The bible teaches us that judges are placed in that position by God who creates all living things. Yes, He has appointed you.

I urge you to exercise leniency in sentencing. Please be merciful to people whose only motive is to save God's children from death. Thank you so much.

I am petitioning you regarding Mr. Dennis Green, and his recent conviction of conspiracy charges. I humbly request that you show him leniency in his sentencing.

This man was practicing the right to peacefully stand up against what he considers, what we as Christians, consider evil. We believe we have an obligation to hallow all life... that it is sacred. We are heartbroken that our judicial system would put a man of Dennis Green's integrity and character into prison. Please don't send him to a federal prison for years. Please don't rob his family and community of his influence.

Re: July 3 sentencing of six defendants  
convicted of violating the FACE act.

Your honor, I just want to humbly ask you to please be lenient on these defendants; you and I both know that this is political. This whole trial is meant to set an example, and to chill speech and conduct with which those in the government disagree with. Is not this the very reason for the First Amendment? These defendants are clearly political prisoners, deep in your heart you know this, your honor. We grew up reading about such miscarriages of justice, and abuse of power, but were comforted by the freedoms we have; but today those very freedoms are being trampled. Please your honor, recognize this for what it is, and rise above it; be a champion of our inalienable rights, and protect free speech, even when it is offensive to you or others. If we allow this abuse of power and miscarriage of justice to be a precedent, it may be used against speech you agree with tomorrow. Thank you, your honor, for reading this!

Dear Honorable Judge Alita Trauger,

I am writing this letter to you on behalf of the defendant, Mr Dennis Green, to ask for leniency in his upcoming sentencing on Case 3:22-cr-00327.

My name is Lorraine Fleeman. I have ministered on the sidewalk outside an abortion clinic in Richmond, Va alongside Dennis Green for 2 years, 1 x week. During that time I have never seen Mr Green angry, lashing out, or being disrespectful to anyone, including workers and those going into the clinic. He always keeps a respectful distance, and speaks in a kind tone of voice, offering practical help and information as needed. In addition, when Mr Green has been approached by angry pro-choice people passing by, even those screaming in his face, or defacing his property and carrying off his pro life signs, he has remained calm and non-violent.

It is noteworthy that Mr Green and his wife have been reaching out to women in crisis pregnancies since 1989. The Greens together ran a maternity home called Liberty Home in Petersburg, Va for 10 years, and were house parents to the women there. They also were house parents and directors for a home called Mother's Home in Pennsylvania in 1992,

I have found Dennis Green to be a living example of a godly Christian man. He "walks the walk" of His Savior, Jesus. Mr Green's life has been dedicated to the pro life ministry, and to sharing the gospel of Jesus Christ, always in peaceful ways. His deep faith has moved him to give of his time, money, and his life to serving the Lord, and helping women in need during an unplanned pregnancy, no matter ethnicity or creed.

On a personal note, I have seen Dennis Green interact with his children and wife as a loving father and husband. Benjamin, their last child, who has Down's syndrome, has a very close and loving relationship with Mr Green. Benjamin would be greatly affected and saddened, not understanding the separation, if his father was incarcerated.

The Green family is not a family with money. Raising 13 children, giving their lives to ministry in the US and overseas, and battling cancer, has not secured them material wealth. I am sure, they will have many rewards in heaven to come. But incarceration would be a financial hardship without Mr Green's income.

In summary I pray, Judge Trauger, that you will consider Dennis Green's godly character and numerous ministries to others, as you hand down his sentence.

Mr Green has acted in peaceful protest to the holocaust of this generation, the killing of innocent babies in the womb. Much like the other peaceful protests in America's past.

May the Lord give you wisdom and compassion as you determine the freedom of this godly man.

Thank you for your time.

Gratefully and with hope,

Lorraine Fleeman

Dear Judge Aleta Trauger,

In the case of Coleman Boyd and the five other defendants in violation of the FACE Act, please exercise leniency in sentencing. They are not violent criminals and should not be sent away for years to into a federal penitentiary.

Thank you.

Best regards,

The Bible teaches that you are a servant of God, placed in your position to punish wickedness. (Romans 13:1-5) And even though these ten persons may have violated law, the law doesn't seem to be reflecting morality. This punishment of eleven years will have been unjust even though technically lawful.

God has also told us in His Word that He will judge unjust rulers.

I beg of you to give leniency to these ten persons. They were trying to protect human life as God commanded them. They are now on trial for honoring The Judge of all the Earth. Do you honestly think that God will not rule on any injustice done to them as His servants, when we all stand before Him and have our day in court? Please forgive the bad handwriting. Sincerely,  
Daniel Stewart.

Hello, your Honor, my name is Daniel Stewart. I hope this letter finds you well. I live in Arizona and have heard through a lady I know from one of my local churches that ten individuals are being sentenced on July 3<sup>rd</sup> for something related to their interposing on behalf of our beloved brothers and sisters.

I'm sorry that I don't know all the details, although not for lack of trying to know as I inquired concerning the details regarding the case, but I know time is of the essence. So I am writing this to you before they ~~were~~ were able to get back to me in light of that knowledge. One thing they did tell me is that the defendants are facing 11 years and monetary fines in the thousands of dollars.
